**Subject:** RE: UMBC Memo

Apologies, folks. This fell off my radar screen. That sentence should not have been in the report. There is nothing more to report at a level consistent with our usual reporting. Between the SQT Data report and UMBC's memo, we feel that there is nothing left to add.

Let me know if you would like to discuss.

Thanks  
Cliff

Thanks, Cliff – look forward to hearing back from you. That is exactly the sentence that I had the question about.

**Subject:** UMBC Memo

Regarding the following sentence in the July 8 UMBC Memo appended to the SQT data report, I need to convene a call with Carlie and Tim next week to delve into this a bit more. I'll keep you posted.

“A full report of the laboratory passive sampling program is being developed which will include the measurement of both organic and inorganic compounds in sediment porewater.”
